

Rigakafen ciwon sanyi

Abubuwan da kake bukatar sani don kare kanka

→ Mene ne ciwon sanyi?

Ciwon sanyi ciwo ne da zai iya illata huhun ka, jini, da kwakwalwa. Ciwon sanyi zai iya jawo:

- Tari
- Zazzabi
- Huhun ka ya kumbura, ya sa ka wahalan shakar numfashi
- Karancin numfashi
- Kwanciyar asibiti
- Mutuwa

→ Zai iya yaduwa ta hanyar mu'amala kai tsaye da ruwan jiki kamar yawu da majina.

→ Mene ne rigakafen ciwon sanyi?

Rigakafen ciwon sanyin yana taimakawa wajen kariya daga ciwon sanyi da wasu cututtuka da wannan kwayar cutar take jawowa.

→ Waye ya kamata ya karbi rigakafen ciwon sanyi?

Manya masu shekaru 65 da fi

Manya masu shekaru 19 zuwa 64 wadanda suke shan magani da yake raunata garkuwan jikinsu (wanda yake rage karfin yakar cututtuka)

→ Mene ne wasu illolin rigakafen na al'ada?

- Yin ja, kumburi, ko zafi a inda aka maka rigakafen
- Sanyi
- Zazzabi
- Rashin son cin abinci
- Jin tsananin gajiya
- Ciwon kai, ciwon damtse, ko gabobi

Kowaye zai iya kamuwa da wadannan cututtuka, amma yafi hatsari wa:

- Manya da shekarunsu suka ja
- Manya masu ciwon suga
- Manya masu ciwon huhu
- Manya masu ciwon zuciya
- Manya masu ciwon koda

→ Mene ne ke jawo ciwon sanyi?

Ciwon sanyi yana samuwa ne ta dalilin wata kwayar cuta mai suna streptococcus pneumoniae. Streptococcus pneumoniae yana iya jawo cututtuka daban-daban, kamar:

- **Pneumonia:** cutar huhu
- **Bacteremia:** cutan jini
- **Sinusitis:** sinus kamuwa cutar
